

## 425 SLOV FFP2 NRD

Fold flat style disposable mask.  
Light weight.  
Easy identifying protection level.  
Facilitates communication.  
Enables a comfortable breathing.  
High Technology filter media.  
Modern ultrasonic welding Technology forms composite filter without needle holes.  
Fast exhalation of the inhaled heat and humidity, removes CO<sub>2</sub> and hot effectively.  
Elastic stitching for better resistance, avoids skin abrasion.  
Cushioned nose bridge providing better comfort and adjustment.  
Aluminium nose clip prevents leaks.  
Adjustable straps providing perfect adjustment to the skin in case of sweat.  
Dolomite tested.  
Active carbon coating for the absorption of disturbing levels of odours and steams.  
Protects from welding sparks.

Norm	EN 149 AI + NRD
Weight	<21 gr
Breathing resistance	<b>Inhalación:</b> 30 lpm <70Pa 95 lpm < 240Pa <b>Exhalación:</b> 160 lpm <300Pa
Filtering efficiency	filters > 94% of solid and liquid particles
Shelf life	5 years storage shelf life
